Features Farmers Want

- Smooth, efficient operation with all Hydraulic Implements.
- One man can attach or detach in minutes.
- Easily handled - no complicated cables, chains, hooks, sprockets or pulleys.
- Low clearance - lower than tractor. Gets in and out of small spots easily, quickly.
- No bulky frame to obstruct vision.
- Safe - no sudden stops or drops.
- Two precision machined cylinders.
- Manure Bucket 29"x32"x15", capacity 3½ bu.
- Light Weight - Approx. 500 lbs. Rugged, well built.
- Complete with combination fork and scoop and Char-Lynn Pump.
- Guaranteed against defective workmanship and materials.
